

Hinchinbrook Regional Arts – Cardwell Gallery

Calm & Colour after the storm.

Cardwell Gallery is open and full of beautiful artwork and craft to brighten up our lives after the cyclone.

We have been so fortunate, our little gallery has withstood the worst of the storm, right on the coast in Cardwell by the Sea.

All the mud and salt have gone and the Historic School of Arts Building and community gallery is a bright and cheerful highlight in our recovering town.

The sun is shining, the gallery is waiting to welcome you, full of local art and craft – the perfect gifts to cheer you or a friend after all the difficulties of the last months.

We think it is the perfect time for you to take a break, spoil yourself, replace some of your lost treasures, slow down and relax for a while.

Cardwell welcomes you back to its' lovely cafes and views of the gentle Coral Sea

we would love to see you - come visit our gallery soon
